Subject: USACE / EPA Coordination

The USACE has received a mission assignment to deploy a subject management expert (SME) on water/waste water treatment systems. OSC Mason has coordinated with the USACE (ESF-3) personnel at the RRCC, and we have agreed the SME should deploy to Austin and coordinate with our water people at the TCEQ Austin office. OSC McAteer will coordinate with the SME when he arrives in Austin Wednesday.

USACE agrees we can coordinate further actions (water/waste facility on-site inspections) if the State asks for such assistance.

With Regards, Steve
